

## **TB Testing Procedures**

Before you can work in the schools, you **must** document your TB status with a medical report from the past year. If you have recently been tested for TB, please submit the medical report to the Cal Teach office. Otherwise, you will need to be tested. **If you have your TB test done at the Student Health Center, Cal Teach will pay for it.**

To have your TB test done at the Student Health Center:

1. Call 459-2500 to schedule the 15-minute appointment. TB test appointments are only scheduled on Mondays, Tuesdays and Wednesdays. When you call, let the Student Health Center know that you are to be part of the Cal Teach Recharge.
2. On your appointment date go to the Health Center to have your test. Please do not miss your appointment, as Cal Teach will still be charged and you will have to take care of your TB test on your own.
3. Return 2 days later to have your test read.
4. Submit proof of your negative TB status to the Cal Teach office. If you test positive for TB, Cal Teach will pay for the follow up exam.
