Mark Bruce Teacher Service Awards
We are delighted to announce the Mark Bruce Teacher Service Award, a prize of $500 to be awarded this year to one science and one math Cal Teach host teacher from Santa Cruz High School. Cal Teach friend, Stephen Bruce, made a contribution to establish the award in honor of his brother, Mark Bruce, a Santa Cruz High graduate. The award will help Cal Teach recognize the generous and skillful service that Santa Cruz High Cal Teach host teachers provide to their future colleagues.

Winners will be announced at our Awards Ceremony and Celebration at UCSC on June 6!
**Landesman Fund Update**

Last year, Ed and Miriam Landesman established a fund to support prospective science and math teachers at UCSC. The Landesman Fund, with generous contributions from the Landesmans and many others, allows us to reimburse fees for the CBEST and CSET exams and registration and travel expenses associated with professional meetings. This year the Landesman Fund helped Rosa Lee, a Cal Teach graduate enrolled in the UC Berkeley credential program, by paying her registration fee so she could present at the American Educational Research Association conference in Vancouver!

Please contact us if you’d like the Landesman Fund to support you!

**Gift from Agilent Technologies Foundation**

This spring UCSC’s Cal Teach program was delighted to accept a generous gift from Agilent Technologies Foundation that enabled us to maintain student scholarships for all CaT2 and CaT3 interns, in spite of declining budgets and unprecedented high enrollment in CaT3 this year!

Many thanks to Agilent!!

**Where are they now?**

Cal Teach graduates are teaching in our local communities, California at large, and beyond!
