GRATEFUL FOR SUPPORT ON GIVING DAY

Cal Teach raised more funds on Giving Day 2021 than in any previous Giving Day, over $21,000 from more than 50 donors. Pledges of $10,500 from friends of the program, including Ed and Miriam Landesman and Stephen Bruce, were outmatched with new gifts on Giving Day. Donors included Cal Teach alumni; other UCSC alumni; parents of Cal Teach alumni; UCSC faculty, staff, and retirees; and friends and community members.

These gifts ensure that all eligible 2021-22 Cal Teach interns will receive a scholarship this year and that we can continue to reimburse our graduates for some expenses associated with credential program applications and classroom materials.

Cal Teach staff and students are tremendously grateful for this support.

*If you missed Giving Day, you can contribute to the Landesman Fund here to assure support for summer interns in 2022.*

---

Winter 2022 Enrollment

- Introductory CaT1 and intermediate CaT2 classes are full for winter 2022, but we are keeping a waiting list. First-time interns can apply here, and returning interns can complete the Intent to Participate.
- Students who have completed at least CaT1, can apply to participate in a Special project for 1, 2, or 3 units (details below).
- To take CaT3 in spring, students must enroll in the pre/co-requisite:
  - for math majors, EDUC 185B, in Winter 2022
  - for science majors, EDUC 185C, in Spring 2022

Cal Teach Special Projects

Cal Teach interns who have completed at least CaT1 can participate in a structured special project (scroll down page at link) or design your own in-person field experience.

Math Games with MBAMP (Monterey Bay Area Math Project):

- Led by Cal Teach graduate Kevin Deutsch and MBAMP director Judith Montgomery.
- Explores how games can facilitate mathematics education.
- Participants help plan and put on a math & science teacher conference on March 5.
- Weekly meetings, day and time TBD based on student availability.

Interested?: Email Gretchen - gha@ucsc.edu or Kevin Deutsch - hujaza@gmail.com

Your own Special Project:

Or, propose your own field-based special project related to teaching and learning.

Interested?: Email Gretchen - gha@ucsc.edu.

Winter 2022 Cal Teach Course Offerings

**CaT1 Science - EDUC 50C (2 units)**
with Emily Maddox
Tuesdays, 5:20-6:55 pm

In-person instruction
WAITLIST

**CaT1 Math - EDUC 50B (2 units)**
with Hayley Vandercook
Tuesdays, 7:10-8:45 pm

In-person instruction
WAITLIST

**CaT2 Combo - EDUC 100A (2 units)**
with Courtney Bowman & Luke Webb
Thursdays, 5:20-6:55 pm

In-person instruction
WAITLIST

**EDUC 185B, Introduction to Mathematics Education (5 units)**
with Judit Moschkovich
Tuesdays & Thursdays, 9:50-11:25 am

Remote
*Required pre-requisite for math majors in CaT3

**EDUC 197B, Special Project: Math Games (2 units)**
with Kevin Deutsch & Judith Montgomery
Day and time TBD

Virtual & synchronous
SEE DETAILS ON PAGE 1

**EDUC 197 Special Project: Self-Designed Field Experience (1, 2 or 3 units)**
with Emily Maddox or Gretchen Andreasen
Days and time TBA
In-person field experience
SEE DETAILS ON PAGE 1

Spanish-Speaking STEM Majors: SEED-SPOON-SCIENCE WANTS YOU!
Seed-Spoon-Science is seeking **first- or second-year Spanish-speaking STEM majors** to be paired with a local Latinx family to garden and conduct science projects to help kids develop interest in STEM.

This is a perfect project for Cal Teach students to integrate their interests in science, kids, and equity while developing skills in scientific research and communication.

- Apply in winter 2022; project runs June 2022-October 2023
- Learn more [here](#) and join the listserv by emailing sssinfo-group@ucsc.edu.

SENIORS! GRADS!
NSF Noyce Scholarship deadline is approaching!
All Cal Teach STEM majors applying to UCSC's 2022-23 MA/Credential program should apply for the Noyce Scholarship. Read about it [here](#), and put the dates on your calendar for the Meet the Districts Panel, Application Deadline, and Interviews (see page 1).

All Cal Teach undergraduate and graduates are encouraged to contact Cal Teach for help with credential program applications.

Alumni Week 2022
UCSC is planning an extended hybrid virtual/in-person Alumni Week, Tuesday through Sunday, April 19-24, 2022. Cal Teach hopes to share in the fun with both virtual and in-person activities for our alumni and friends. Contact Gretchen to share ideas or to be on the planning team: gha@ucsc.edu.

2021-22 Cal Teach Engagement Award
Current undergrads will be recognized and receive a pin at our annual End-of-Year Award Celebration for their work preparing for a math or science teaching career. Use [this form](#) to help Cal Teach keep track of your community activities and professional development efforts. [Details here](#).
