

## Other Cal Teach Internships

### Summer Intensive Internship

- Embed yourself into a classroom at a high-need urban or rural school
- Help math/science students in middle or high school
- Experience a full week of school from a teacher's perspective
- Learn from a veteran math/science teacher

### Learning Assistant

- Support active learning classes at UCSC (e.g.: Bio 20, Chem 1, and Phys 7 series)
- Develop teaching techniques that promote engagement and collaboration
- Reinforce your own content knowledge
- Build relationships with faculty and teaching assistants

*"I would NOT have become a teacher without Cal Teach...I fell in love with helping others with math, and Cal Teach helped me figure out that teaching was the path for me, and I had/have a gift for it!"*

*-Max Cazanov, Math Teacher  
Concord High School, Concord, CA  
Class of 2012 BA Mathematics, UCSC*

## Interested in Teaching Science or Math?

### Cal Teach Offers:

- ✓ Teaching Internships
- ✓ Pre-career training
- ✓ Scholarships
- ✓ Advising
- ✓ Test Support
- ✓ Professional Development
- ✓ Community

### And more...

- ✓ CaT1 satisfies PR-S GE.
- ✓ CaT courses count towards:
  - Majors in Mathematics and Science Education
  - Minor in STEM Education

## Who can participate in the Cal Teach internships?

Science, Technology, Engineering, and Math (STEM) students interested in teaching math or science in secondary schools. Transfer students and college graduates are welcome.

## What are the CaT internships?

Cal Teach offers a series of internships (CaT1, 2, and 3) where students are placed in local secondary schools and enroll in a Cal Teach Seminar course.

- Visit a local math or science class for 2-4 hours a week
- Work with students to facilitate learning
- Observe veteran teachers use best teaching practices
- Present content in middle or high school classroom

## When are the CaT internships offered?

CaT1 (EDUC 50): Fall, Winter  
CaT2 (EDUC 100): Winter, Spring  
CaT3 (EDUC 185L): Spring

# Cal Teach Intern Resources

## Scholarships

Cal Teach offers...

- NSF Noyce scholarships to attend UCSC's MA/Credential program (\$20,000)
- Scholarships for Cal Teach interns (\$150 - \$600): entering community college students, continuing undergrads, & prospective career changers

*"The CaT courses prepared me to observe my classroom internships with more purpose and gave me specific teaching strategies & lesson goals to watch for. They also helped me experience what it was like to develop lessons and gave me practice in presenting & teaching."*

*-Talia Hernandez, Science Teacher  
Pajaro Valley HS, Watsonville, CA  
Class of 2018 MA/C Education, UCSC  
Class of 2017 BS MCD Biology, UCSC*

## Professional Development

Cal Teach offers...

- Workshops
- Financial support for attending teacher professional development events
- Summer internship opportunities

## Test Support

For the Teacher Credential exams, CSET & CBEST

Cal Teach offers...

- Reimbursements for the cost
- Study guides for both exams
- Help organizing study groups

## Advising

Cal Teach can help you...

- Plan undergraduate coursework to prepare for a teaching career.
- Coordinate coursework with Cal Teach internships
- Plan WHEN and HOW to apply for credential programs
- Get information on scholarships and loan forgiveness programs available for math, science, and special education
