The Golden State Teacher Grant Program

The Golden State Teacher Grant Program (GSTG) encourages students to consider earning a teaching credential and teach in a high-need field, at a priority school, in California for four years, within five years after completing a teacher preparation program. The California Student Aid Commission (CSAC) will award \$20,000 Golden State Teacher Grants to over 4,400 eligible students across California, that are enrolled in a Commission on Teacher Credentialing (CTC) approved teacher preparation program on or after January 1, 2020. Applicants must agree to all terms and conditions of the GSTG program or be required to repay the grant. The GSTG awards will be allocated to CTC approved teacher preparation institutions based on the number/percentage of preliminary teacher credential recommendations the schools graduated, the previous academic year. College and University campuses will nominate applicants using their own selection criteria and procedures to identify eligible students. To apply for a Golden State Teacher Grant, send an email to

goldenstateteachers@csac.ca.gov.

TEACH Grant

The Teacher Education Assistance for College and Higher Education (TEACH) Grant is a government-provided grant that can provide up to \$4,000 a year to students completing or planning to complete a teacher credential. You must teach at a high-need elementary, secondary school, or educational service agency for at least 4 years within 8 years of completing your teacher credential.
