

# Field Experience Activity Checklist

**Directions:** Below is a list of activities you should experience during your fieldwork. While you may complete some activities more often, you should do each listed activity at least once. During your first or second meeting with your Host Teacher, take the time to discuss these activities and how you can support the class while getting these experiences.

Once you try an activity, place the date in the “Date(s) Completed” box and write a brief reflection about your experience. For each subsequent time you try an activity, add the date to the box. This form needs to be signed by both you and your Host Teacher and submitted to the Cal Teach office before the end of the quarter. **Note: the majority of time interns spend in fieldwork should be spent working directly with students, as individuals, groups, or whole class instruction.**
