

## Cal Teach TB Testing Procedure

Before you can be placed in a local school, you **must** document your TB status. If you have been tested for TB within the past 4 years, please submit the medical report to the Cal Teach Office. Otherwise, you will need to be tested.

Non-UC SHIP insurance TB procedure:

1. (a) Make an appointment with a private doctor.  
OR  
(b) Go to Doctor's on Duty (\*walk-in services, \$30, Cal Teach will reimburse upon submission of receipt).
2. Return 48-72 hours later to have your test read.
3. Submit proof of your negative TB status to Cal Teach. If you test positive, Cal Teach will pay for the follow-up exam.
